Subject: Re: Jose Rivera; Gumshoe Issue #49

Body: I think we covered this on the phone last week, but if this message came after our phone call let me know. Did Jeremy find what was in our investigative files to be of help?

He recently ran across something else pertaining to him. I showed him everything I could find in the file "7.1.49". Do you have any of the documents reference in that issue with you?...If not maybe you can refer me to the correct spot when you call Friday...Dave
