**Subject:** Re: Bi-weekly report

Over the past two weeks I have been working on the projects assigned by you and Jeremy. For your assignment, I have been reviewing secondary sources for possible leads for additional CIA records. I have a list of possible leads that I have found so far. Also, Jeremy's project entails locating information relating to the organization and standard operating procedures of the U.S. embassy/CIA station in Mexico City during the 1960s. In doing so, I have done some research at LOC, interviewed Ambassador Boonstra, reviewed in depth CIA records (primarily the monthly operational reports and Ann Goodpasture's memos re: the station and the Lopez Report), and reviewed some secondary sources. I also have been coordinating with Laura Denk on some FBI issues and reviewing some FBI records relating to the Legat office in the U.S. embassy. I am currently writing a memorandum that will include information from all of these sources.

Subject: Bi-weekly report

David would like a bi-weekly report from me, starting tomorrow, on CIA team activities. Will each of you this morning please give me a short report of your activities during the past two weeks, either in response to my assignment or to Jeremy's. Thank you.
