Fine with me. You might ask David for his impressions of her. I was reading about the conference in an online magazine called FAIR PLAY and saw that you had recently talked to Carlos Quiroga. I ran across an interesting FBI document just a couple of days ago that said a Quiroga (FNU) was in Mexico when the border was closed just after the assassination. According to one report, Quiroga claimed to have known about the assassination before it happened. In a second report, that claim was said to be untrue but the FBI informant then added that Quiroga said they arrested a "spy" in Dallas - meaning LHO. Is Quiroga talking? How much was asked of him?
