Subject:	Re: Mouse
Body:	I gave you a new mouse, please let me know if things do not get better.To:Valerie Trzaska-Sails/ARRBcc: From:David Marwell/ARRB Date:11/13/95 12:04:42 PMSubject:MouseTo:Chet Rhodes/ARRB, David Marwell/ARRBcc: From:Laura Denk/ARRB Date:11/13/95 10:07:31 AMSubject:MouseMy mouse is becoming a real problem. (Chet , you noticed this a couple of weeks ago, but it is getting worse.) It is really imprecise and I have to move it all around to get it to land on the right thing. It works, but it just isn't very good -- are there any extra mice around (on computers that are rarely used) that I could switch it with?
