Subject:	Re: Suggestion for sending e-mail documents
Body:	Mary--When you e-mail a document, it works much better for the recipient if the document has a ".wpd" suffix. If you do this, the attached icon will look like this: (rather than the way yours looks below). The recipient can then get directly into the document by clicking the icon and then pressing launch. It goes much more smoothly.To:David Marwell/ARRB, Jeremy Gunn/ARRBcc:Christopher Barger/ARRB, Manuel Legaspi/ARRB, Eric Scheinkopf/ARRB, Michelle Seguin/ARRB, Bob Skwirot/ARRB From:Mary McAuliffe/ARRB Date:11/21/95 11:26:41 AMSubject:Review guidelinesAttached is the most updated version of ARRB review guidelines for CIA documents.
