Subject: Re: HSCA docs from 10/24 meeting

Thanks for catching this. As you may recall, these 11 documents were the payroll folders for which NARA had never produced a RIF. We had NARA create RIFs after the meeting and we entered them in the system (Bob and I) in the Archive database because we couldn't (at that time, anyway) enter them in the Review Track. What I did this morning, under Bob's direction, was to copy the documents from Archives to the Review Track, then create the postponement form and postponement voting forms, then copy and paste the forms back onto the document in the Archive Track. So I think we fixed it.

In the By meeting Not open in full view I see several HSCA documents at the end of the list that have no postponement voting form. Can you take a look at these and see what they are all about.thanks.
