**Subject:** Re: Skull fragments

I have two FBI reports concerning the Harper Frag (thanks to Kevin). Also, if I recall correctly, the first three fragments you list are the three from the limo, as opposed to the Harper and Weitsman frags. To: Tammi Long/ARRB, Dennis Quinn/ARRB, Douglas Horne/ARRBcc: From: Jeremy Gunn/ARRB Date: 12/27/95 12:34:20 PMSubject: Skull fragmentsCould you locate all documentation regarding the locating, identifying, and transporting of all JFK skull fragments (esp. "3 fragments" brought to autopsy; fragments found in the limousine, "1 fragment measuring 10 x 6.5" described by Sibert and O'Neill, the Weitzman fragment, the Harper fragment)? Please divide up the responsibility as you see appropriate.Thanks.
