Subject: Re: Problem document
redaction 1-5 does not have a 1b or 1a selected. that is how the count is generated

document"104-10015-10348 has five redactions listed, but under heading "Number of postponements
propoeed by the CIA" lists only 4. This may not be a serious problem, but it may gum up your numbers
somewhere along the line, like a checkbook that doesn't balance. So, thought I'd mention it.
