Subject: Re: KGB Oswald File

Body: Mr. Stager:The Board has no evidence that Boris Yeltsin turned over any files to President Clinton. However, under the JFK Act, which created the Board and gave it certain authority relative to foreign governments, the Board is seeking assassination records from the former Soviet Union.To: EILEEN_SULLIVAN @ jfk-arrrb.gov @ Internetcc: Eileen Sullivan/ARRB)From: dcstager @ crl.com (David Stager) @ Internet @ WORLDCOM Date: 01/08/96 01:20:39 PM CSTSubject: KGB Oswald FileI recall that Boris Yeltzin turned over the original KGB Oswald file toPresident Clinton when the president visited Minsk. Is the AARB reviewingthose materials and/or translating them for public release?I believe one of the intercepted Oswald personal letters from this file wassold at auction recently. What is the disposition of the KGB Oswald file?Is it government property?
