David Slawson and William Coleman were both members of the Warren Commission staff. They both had the title of Assistant Counsel. Please provide a mailing address if you would like us to send you an Assassination Records Review Board information packet. Sincerely, Eileen A. Sullivan

Hi Eileen, As you might appreciate, from this side of the pond (U.K.) it is difficult to get the handle on what exactly needs asking until I have had a look at the base information from its source. I was informed that these two individuals had given evidence to the Warren Commission regarding their involvement in the death of President John F. Kennedy and hoped to be able to confirm from the transcript exactly what had been said. I was referred to your organisation as being able to provide that reference material. I would be obliged if you could assist and also give me some idea of your position with regard to your organisation in view of your response. Many thanks, Hugh O'Hare
