 Lotus SmartNotes  
 Lotus SmartNotes Magazine is published six times a year by The Lotus User Group, a UK based organization that has focused on Lotus products for the past ten years. With the most up-to-date information on products, publications, upgrades, training, and consultancy, The Lotus User Group provides a repository of information on Lotus products and services. When requesting this database, you will receive all articles and information dating back to the premier issue in April 1994. The magazine includes insightful editorial content and competitive analysis along with a wealth of information for Business Partners. Sections include: Book Case Computer Based Training Features Installation Examples InterNotes News Letters Page Lotus Business Partner Section Lotus Desktop News Notes News Q&A Technical Information from Lotus What's New Requesting This Database To request this database, please contact your Notes administrator or select the "SmartNotes" button below.
