**Subject:** Re: Postponement Numbering and Routine Field

Does this mean that we have to go? Both E-mails were unclear on this. To: Tammi Long/ARRB, Laura Denk/ARRB  
Cc: Phil Golrick/ARRB Date: 04/24/96 01:50:44 PM Subject: Postponement Numbering and Routine Field  
Please note the training Chet has scheduled for Thursday afternoon at 2:00, when Chet will explain what this e-mail is talking about. To: Bob Skwirot/ARRB, Kevin Tiernan/ARRB, David Marwell/ARRB, Noelle Gray/ARRB, Joseph Freeman/ARRB  
Cc: Phil Golrick/ARRB, Mary McAuliffe/ARRB, Joan Zimmerman/ARRB From: Chet Rhodes/ARRB Date: 04/23/96 07:47:03 PM Subject: Postponement Numbering and Routine Field  
Postponement Numbering: Is fixed on the determination summary sheets, please let me know of any future problems. This will indeed also be the same order the Final determination forms number the postponements.  
Routine Field: On the postponement Detail sheets we have added a new field called Routine: this field should be used to indicate that a postponement is routine and does not require significant board attention, Non-routine postponements will be highlighted in the RIF for both the supervisor and board to pay extra attention. In the future this field may be used to show only those Postponements that are non-routine to the board. THIS IMPACTS ONLY FUTURE REVIEW and does not have any impact on already reviewed documents. Please pass the word to the teams, I will be holding a training session Thursday afternoon at 2:00pm to discuss this further.
