Subject:	Re: Investigations Database
Body:	You can now delete as needed.To:Chet Rhodes/ARRBcc:David Marwell/ARRB, Valerie Trzaska-Sails/ARRB From:Jerrie Olson/ARRB Date:03/06/96 09:50:55 AMSubject:Investigations DatabaseYou created a setup whereby the investigators type letters under certain issues in Gumshoe, send them to me over E-mail, and I click in and copy them to my WordPerfect file. There we edit them, and this version is the one that is mailed out. David said I should copy my final version from WordPefect back to that database and replace the original version. Valerie was going to show me how to do this but we ran into the problem of my not having authority to delete from the Investigations database. Please fix the system for this purpose and I will have Val show me what to do from there. Thank you.
