I think you inadvertently left Jeremy off the list. Let me know if I'm wrong, please.

We have changed to combination to the phone closet and supply room to be 1,3,5,2,4. This is not to be shared with anyone who is not on this list. If you let someone into the supply room you are responsible for 1) knowing what/how much they took, 2) if they depleted a supply and more needs to be ordered, and 3) the condition in which they leave the room. I would prefer that you accompany staff whenever possible. If on occasion, you cannot stay with them you are still responsible for the three things listed above. Save all of us time and headache tho by getting the supplies for them or staying with them. Thanks.
