Subject: Re: Boston Trip

I expect that there will only be a couple of groups (i.e., DRE, Alpha 66) whose members had contact with either the President or Attorney General. I do agree, however, that the book could be useful. Perhaps you and I could spend some time reviewing it together for preparation. When would work for you?

PMSubject: Boston TripI realize that the records we may be reviewing in Boston may not deal too much with all of the different exile groups, but do you think it would be helpful to bring the CIA Cuba Book along on our trip??
