I think they should have access to some additional databases, since they are going to be here every day this summer. I have listed them below. I talked to Tracy and she said it would be okay. I cc:ed David, so that if he thinks it might be a problem, he can tell you. Thanks!(1)Where in the World(2)Musings(3)Musings II(4)Warren Comm'n Summary(5)Mary Ferrell(6)ARRB LibraryHopefully, this will allow them to be a bit more integrated with the rest of the office, even though they are out by the kitchen. Thank you again.
