**Subject:** Re: Next Board Meeting  
No military documents for Board to review. (So far, we have always managed to get consent releases/declassifications from DOD agencies and therefore no action by the Board is required.) Concerning designation of assassination-related records, I support Chris Barger's view that the recently-found Cuba files at NARA be designated assassination records as described in his memo.No new inquiries to DOD agencies at present. Should Peter Dale Scott provide additional information about Marine Corps records, this might be necessary with USMC later on.
