Anna, Unfortunately, the govt. cannot pay for a room if your airline ticket has you returning that evening. However, the meeting room that I have reserved for the Board at the hotel for Tuesday afternoon has a private bathroom in it. I believe it is a converted sleeping room. I hope this helps you out--I certainly understand wanting to be comfortable to travel all night! Question: will the government pay for the room for Tues. night if I leave around 9:30 for the airport. One problem with taking a plane late in the evening is that there is no place to "hang one's hat" if we check out Tuesday morning. Although wheel chair rest rooms do serve the purpose, they aren't exactly ideal for changing into trousers (necessary for sleeping on planes). On the other hand I don't want to waste a day on an airplane.
