Sorry for the miscommunication. What is attached to the e-mail printout is information obtained from sources besides the Commerce Committee. A friend who works on the Committee checked with someone who is pretty sure that any Commerce Committee information is at the Archives. He will check one other source on the Committee for me. Do you want to bother with the Archives? I believe there is enough information for Dave Montague to locate his family if that is your wish.

However, none of it mentions his service with Senator Kefauver. I will try to check that with the Senate Commerce Committee tomorrow.
