It was a view problem and is repaired.To:Chet Rhodes/ARRBcc:David Marwell/ARRB, Phil Golrick/ARRB  
From:Kevin Tiernan/ARRB Date:10/03/96 11:38:03 AMSubject:USSS docs in Consent database.I copied  
five USSS documents into the consent release database, and ran the macro to assign them to a Federal  
Register Notice, and it seems that only one of them actually was assigned to the Federal Register that I am  
building for the 9/27/96 meeting. Will you look at these other four (they are the only 154 documents in the  
consent database) and see if you can figure out what is up.
