Dear Mr. Jaffe: Thank you for writing to us today. We are very interested in discussing these materials with you. The Assassination Records Review Board is mandated to oversee the identification, review, and release of records related to the assassination of President Kennedy. If you could please provide us with some information about your materials, i.e. volume and content, it would be greatly appreciated. Again, thank you for contacting the Review Board, and we look forward to hearing from you soon. Sincerely, Eileen Sullivan

Dear ES: While it appears that the page I've connected with has a predisposition against Jim Garrison's investigation and possibly the attorney with which I've had a 30 year association and friendship, I wanted to ask where I might donate my formerly confidential memoranda regarding our investigation. Maybe you could help me. I'm not really interested in writing a book but I would like to contribute the evidence which I was responsible for developing during those few years when Garrison investigated the case. Best, Sjmemo/S. Jaffe
