Subject: Re: J-Track

Body: See my most recent announcement. You are not responsible.To:Jeremy Gunn/ARRBcc:From:Michelle Combs/ARRBDate:11/05/96 03:34:44 PMSubject: Re: J-TrackMy apologies for the multiple messages. They were caused by my attempts to write something in the comments box. Although I was in edit mode, I could not write anything in the box. Clicking or double clicking in the comments box sent you the multiple "project completed" messages. I'll ask Chet about this on Friday.To:R&Acc: From:Jeremy Gunn/ARRBDate:11/05/96 03:25:46 PMSubject:J-TrackPLEASE PLEASE PLEASEWhen you send me a notice that a project is completed, you need to include text saying that you have finished the project. Without your written statement, I don't know whether the work is in fact done.I have received 6 "completed message" notices today, but none contained any explanation.
