**Subject:** Re: Appointment with Lew Bellardo  
It would be easier to get an appointment with Bill Clinton. I finally managed to get a phone number from Steve Tilley. Patricia Frye, the "scheduler," isn't in. She will call me back Tuesday and confirm. You are "penciled in" for 2:00 on Wednesday, November 20. There is nothing available before then. Nothing is possible in the a.m., any time; nor does he have any late afternoon times available. This is the best I could do, and that is only tentative.

PMSubject: Appointment with Lew Bellardo  
Could you please make an appointment for me to meet with Lew Bellardo, the Dpeuty Archivist of the US. Try to make it for early in the morning or late in the afternoon. I need to talk to him about my trip to Russia. Thanks.
