PMSubject:Investigative Master Database stuff...Kind sir...Could you please:1)add (yes & no) bubbles under a new heading at the bottom of this form (such as "next of kin" or "individual located?") which says "completed ?"2)change the name "Individual Located?", to "Individual/Information Located?"Chet...I'm trying to show that even though I have not been able to confirm the info or verify whether the person is dead or alive, I have completed my search for that particular individual or piece of information...Here's a sample of the form you made if it will help....Thank you most gracious techno-guru.... :-
