Body: Tom:I received the Powers Adviosry. Looks good. I believe that I receive your mail (and you receive mine) as soon as you dial in and replicate. I was worried that I was experiencing some problems when I sent it last night. How long does it take for message to go through the system? In other words, If you sent me a message right now, then I call in five minutes, would the message be there for me?Please e-mail me again and I'll call back in.
