1. Thank you for sending the fax. I was very excited to hear about Morley's article; can't wait to see it.2. I mailed the additional clip and copies of a thank you letter to Powers and a follow-up letter to David Boul. It is an attempt to stay on good terms with them but also make a couple of other points. Please take a look and see what you think.3. Let me know about what tv coverage Rene Roberts finds (Please tell her I said hi, and sorry I didn't get the chance to say good bye). You don't need to send me a list; just e-mail me some highlights on network stuff and what the stations around the country ran. David said we got CNN. I'd be interested to hear how many times and what the description is like of their pieces. Anything on the other major networks?4. Also interested in the other clips. Thanks.5. WABU, Ch 68 went well. I was on for about three minutes, "live" on the set with two anchors. I thought it went well. They showed part of the Powers film then we talked about it. I have a poor quality dub and I'll make a copy for your files and entertainment. It won't be that clear, but you'll get a few laughs.6. Hope your knee is better.7. Thanks for the update.8. Put sending me "stuff" or e-mailing me way down on your priority list; I know that you have plenty to do.To:Tom Samoluk/ARRBcc:Eileen Sullivan/ARRB Date:11/26/96 12:06:43 PMSubject:"stuff"Hi there. I hope you had a nice weekend.1. I sent Carrie the fax you requested (Morley and 'Harshbarger' articles from the Post.)2. Your FedEx package arrived -- thank you very much.3. I have on videotape Oprah and Hard Copy, and I should be getting a copy of Mark Daly's piece today. I watched Oprah again at midnight on Friday (yes, I stayed home) and it was better the second time. There were things Jack said when the camera was NOT on him that I did not hear the first time (".....and we're looking for more records.")How did things go on Friday on WABU's "Consider This?"4. The knee: I won't be doing the Macarena anytime soon, but I will dance again. It looks like orthoscopic surgery is quite possibly in my future. I saw the orthopedist yesterday -- there has been significant improvement since last week. If it remains as it is now, then I will definitely have surgery, but if there are additional significant improvements, then I may get out of surgery. Thanks for asking.Let me know if anything else comes up/if you need anything. I'll send any additional press clippings your way. Take care.
