PMSubject: Clarification of incoming response to Compliance Letters procedureJeremyIn addition to our  
procedure of putting everything in a binder regarding compliance issues, which we discussed earlier, I will also  
continue to provide you with an FYI copy to your in box. This will ensure that you at least see the response in  
a timely manner. Then, later, should you need to follow up on it for any reason, come get my binder once I  
have it set up. Let me know if this is ok. Thanks, Cathy
