We should probably start making the travel arrangements for the trip to Austin, now set for March 24th to the 27th or 28th. Steve Tilley said he was going to take care of his own flight but is leaving the accommodations up to us. Tina Houston recommended The Four Seasons, Capitol Marriott, the Driscoll , and the Hyatt as the best options depending on our budget. Also, we need to decide how many days we need to spend. I would say at least 3. Steve needs to be back home by Friday. Once we have the to and from dates established and get the approval, Tracy can start the process.
