Subject: Re: Bureau of Prisons

IRR previously promised to provide us with copies of all records from their "HSCA reviewed" collection by this week. I've asked Elaine Rojick to send us the Nagel file, notwithstanding whether they've completed copying all the others yet or not. If necessary, I'll go up to Ft. Meade to pick it up. I've discussed this with Joan, and I think she's happy. As I believe Joe told you last week, of approximately 1500 documents in the Nagel file, roughly 300 have been referred to other agencies. However, from my own recollection of that file, I think there are some "Army only" medical evaluations, etc. that presumably had no 3d agency interests and are releasable by the Army alone -- and so might be suitable counterweight to Bureau of Prisons issues.
