PMSubject: Bernardo de TorresI would ask the FBI for files on this individual for the time frame including the HSCA investigation (1977-79), and for field office files from New Orleans, Dallas, and Miami (he was involved in anti-Castro activities, and had possible (according to HSCA investigators) links to the Cubans who met with Sylvia Odio in Dallas in September/October, 1963.Please let me know if that is OK. Thanks, Manuel
