Subject: Re: Toner
We can get the toner by Monday if our supplier carries it. Can you let the folks who use the machine know that they should tell us when the toner is getting low as opposed to empty. Thanks.

Christina, the microfiche machine is suddenly a hot item these days, especially with Sydney and the military team. If we can get the toner in at all tomorrow, it would be most helpful and we'd be very appreciative. Thanks a lot, Cathy

I didn't get a chance today, to see the original order form with the stock number on it.

Let's check the book. I have a copy of the original order from Canon so we can check the stock number from that.

We received the airbills yesterday, but most of them were carelessly done by the representative. I'm going to fax them a reorder sometime today. FYI- Does Oval sell toner for the microfish machine?
