Subject: Re: WHCA Records

I think that you left this in just the right way. Once we receive the copy, we presumably will wish to ask for the original file.

Description of the Call
Date: 03/31/97
Subject: WHCA Records
Summary of the Call: Gregory Rath called in response to our March 19 letter requesting WHCA to locate any WHCA records relating to the assassination. Mr. Rath now informs me that the Dec. 1966 cable, which identifies calls made through the White House on the day of the assassination, came from an "historical file" relating entirely to the day of the assassination. I am at a loss to understand why only the Dec. 1966 cable was provided to the ARRB and why the entire file was not previously made available to us. In speaking to Mr. Rath several weeks ago about the Dec. 1966 cable, I had been left with the distinct impression that this so-called historical file had no other documents relating to the assassination. Indeed, Mr. Rath never indicated that there were any other documents in this file relating to the assassination. Mr. Rath now tells me that there are such documents. Mr. Rath will now be making a copy of the entire file (he wants to retain the original) and it will be ready for us to pick up in a day or so. Mr. Rath indicated that this will constitute the final results of WHCA's search for assassination records. We will need to consider whether the WHCA's search has been adequate and whether the WHCA has addressed all the questions raised in our March 19 letter.
