Subject:	Re: Public Contacts database
Body:	what do you think David should we combine them all into one group.To:Chet Rhodes/ARRBcc:David Marwell/ARRB From:Jeremy Gunn/ARRB Date:04/08/97 07:39:49 AMSubject:Public Contacts databaseI continue to find the database difficult to work with. Joe Lynch, a contact, does not appear in some views but he does in others. I cannot find the messages I have posted regarding calls with him. I still don't know what the difference is between Public, General Public, and Research Community. Can't we just combine all of these?
