**Subject:** Re: No time to switch

That's fine. You must understand my surprise, however, when I saw the Compaq computer. I thought that you had squeezed the new Pentium into the old Compaq box. I was amazed! I thought , "Chet has pulled off another miracle! What a guy! How did he do it?" To: Jeremy Gunn/ARRBcc: From: Chet Rhodes/ARRB Date: 04/10/97 05:14:05 PM Subject: No time to switch I ran out of time to switch your computer. I will switch it friday night and I have great confidence that it will not cause any problems that David or myself on the phone can not help you with. This upcoming week I will not be in on Friday so if we want a good cycle we would need to wait two weeks to switch it. Let me know thanks
