Subject: Re: James Powell Telephone Number
Haven't talked to Bruce. I think he is on a secret diplomatic mission for Clinton.To: Tom Samoluk/ARRBcc: From: Christopher Barger/ARRBDate: 04/18/97 01:57:24 PMSubject: Re: James Powell Telephone NumberTom--yes, that's correct. Apparently Powell works two jobs-- one day shift and one night shift-- and the best time to reach him is about 7:00 a.m., his time, or 10:00 a.m. our time. Tim told me that there is only about a 15-20 minute window in which to catch him. I have not heard from the Bruce since they left last week. I'd like to speak to him though, as it is apparent that two of his prize students managed to screw up one of the databases I had them working on, and now Sydney and Brian are having trouble figuring out what they did. Kids.Have you talked to Bruce lately?Christopher: Thanks for the number. One other thing; it's best to call him at 10:00 am our time? Do you recall if that is correct?Have you heard from "the Bruce?"Tom
