Subject: Re: HSCA Draft Report
The HSCA draft report will eventually go to Archives but not in the immediate future. I am not sure if release of the draft report creates a press opportunity. With the exception of the final accoustics evidence, its findings are largely in line with the final report. Regardless, I left a copy of the draft report with Eileen for you and her to review at your convenience. Let me know if I can do anything further. To: Brian Rosen/ARRBcc: Eileen Sullivan/ARRB, Thom Wilborn/ARRBFrom: Tom Samoluk/ARRBDate: 05/05/97 05:46:33 PMSubject: Re: HSCA Draft ReportBrian: Thank you for the update. Good news. Will we be sending the HSCA draft report to the Archives?If so, please hold it so we can discuss whether or not there is a press opportunity in connection with the report being cleared for release.TomTo: Tom Samoluk/ARRBcc: Brian Rosen/ARRB Date: 05/05/97 05:00:27 PMSubject: HSCA Draft ReportFYI - - The HSCA Draft Final Report has been cleared for release in full by the FBI and the CIA. It will be listed as a Consent Release in the next Fed. Reg. Notice.
