Subject: Re: Follow-up to USSS referral issues.

Body: I have found 47 documents that could be referred to the USSS and 33 documents that should go to other agencies. I have offered suggestions for referrals via yellow post-it notes. I did not see any documents that have already been released. There are a few duplicates. I have placed these piles in the SCIF at row 2a. Let me know when you are finished looking at them, and I will send a letter to Machado. I am going to the FBI this morning.To:Joan Zimmerman/ARRB, Brian Rosen/ARRB, Sydney Reddy/ARRBcc: From:Jeremy Gunn/ARRB Date:05/09/97 04:29:44 PMSubject:Follow-up to USSS referral issues.Just so that we are all on the same page: Sydney, Joan, and I discussed the NARA records that need to be referred. Joan will review the pile for the purpose of identifying the records that have USSS equities and determine whether they have already been released or, whether they need to be referred to USSS. We will then send those to Machado. Once Joan completes the sorting, Brian, Sydney, and I will review the non-USSS records and determine where they should be sent. When we get the referrals back from USSS, we will see whether any other agencies need to receive them.
