Subject: Re: Cohen Deed of Gift

Hi Tom. I have been over the deed that I sent to you, but Jeremy still hasn't reviewed it.f He was out for the whole week of May 19-23, then he was back for the morning of May 27, then gone again until tomorrow. I will talk to him about it tomorrow and see if he concurs with me about having Cohen sign a deed that is like the draft I sent to you. Then, I'll e-mail you so you can get back to Cohen. So, until tomorrow. . .To: Laura Denk/ARRBcc: From: Tom Samoluk/ARRBDate: 05/29/97 02:57:39 PMSubject: Re: Cohen Deed of GiftLaura: Thank you for your help on this deed of gift. I would like to get back to Cohen regarding the deed of gift. Please advise me whether or not you had a chance to go over the deed, specifically the provision addressed below regarding restrictions.Thanks.TomTo: Tom Samoluk/ARRBcc: From: Laura Denk/ARRBDate: 05/19/97 03:33:16 PMSubject: Cohen Deed of GiftI reviewed my file on Dale Myers and his requests for restrictions. As far as I can tell, we were ready to accept a deed of gift from him that allowed him to keep his copyright and that prohibited reproductions for distribution outside the Archives. With Myers, we ultimately decided not to accept his materials because they were already commercially available, but I think that was a David/Jeremy decision and not a NARA decision.As you know, Jeremy is away all week & we should consult with him before we do a final deed, but I went ahead and prepared a draft that you could show to Richard Cohen if you would like. Here it is:
