**recstat:** Subject: Fast TrackI talked to David about how to handle the referrals in the fast track & I want to  
Record fill you in on what he said. Unfortunately, for this meeting, I think that you and I are going to have to enter all  
of the "new process" documents into the fast track instead of having Joan, Ron, and Sydney do their own  
because they will be too confused. I'll have Joan, Ron, and Sydney bring their files back from the FBI & then  
we can start working on them when they give them to us.
