Subject: Re: HR 1553

We are trying our best to get things moving in the Senate. There is some confusion about how the technique of "holding" a bill at the desk is accomplished. Everyone seems to have a different understanding of this maneuver. It all boils down, however, to getting a senator to take some initiative. We are trying to work all of the angles.

 David: That's great news. Will the Senate pursue its own process, or will there be an effort simply to "drop" (?) the bill: is that what it is called? Please forgive my ignorance about such matters. I have received from Eileen the draft press release containing the quote attributed to me. It's fine with me, and I'm mindful of my recent comment about this. Thanks, David. I will be in Philadelphia on Thursday afternoon, and, if feasible, I will call from there to get patched into the conference call. But it's possible that I won't be able to do so. Hoping all is otherwise well,
