Subject: Re: FYI/Prelim report/CIA Guatemala files

Thanks for the report. Please attach to your report copies of the redacted documents that might be appropriate to ask CIA for access to unredacted copies. To: Jeremy Gunn/ARRBcc: Irene Marr/ARRB, Bob Skwirot/ARRB, Michelle Combs/ARRB From: Manuel Legaspi/ARRB Date: 06/26/97 05:21:03
PMSubject: FYI/Prelim report/CIA Guatemala filesFYI: Today I reviewed approximately 40% of the redacted CIA files on the Guatemala project (PBSUCCESS) at NARA 2. The collection consists of fourteen boxes of textual materials (five which cover operational proposals and planning, and nine boxes of relevant operational traffic) and three boxes of tape transcripts (Radio Liberacion propaganda broadcasts).I completed the review of five boxes of proposal files and one box of traffic. I do not plan to review the tape transcripts for info. Please be advised that I am reviewing the redacted copies of these files, and that the CIA reviewed these under a different release standard than the JFK docs. As a result, it is hard to say with any certainty, whether or not the documents contain any names of individuals who have been associated with the JFK story (I did find one reference to a "bit" player). However, my preliminary examination did uncover several documents, which, if we view the clear copies, may give us some insight as to who was involved with this operation at mid-to-high levels of the Directorate of Plans. I will write up a final report upon my completion of my review. END
