David glanced at the materials and saw your note -- he said you should give Steve a call.

Subject: (1) Rankin News Release (2) AP Wire Copy Donation to the Archives
David: Eileen and I have scheduled our news release on the Rankin papers for Wednesday, July 2nd. The date was picked after consultation with Steve Tilley and Susan Cooper (Juliana Bullard from the Archives press office will actually handle it from their end). Our plan is to do the AP Wire Copy news release in the next couple of weeks. Before we schedule a date for the release, I would like to consult with Steve to determine whether or not there is any processing that has to be done on the wire copy by the Archives. Steve's answer on processing will help us determine release date. Eileen can show you the box with the wire copy. Please advise me if you want to talk to Steve about this matter or if it is okay if I give him a call. Thanks. Tom
