**Subject:** Re: Rankin Follow-up

You're such a hip-ster. Congrats on the computer hook up.I think that Eric would feel "money" if you sent a special thank you note. Thom is on his way out as I write this, so he would not get your note.Everything is ok (a little wacky, but ok) by the way. Thanks for asking and for all of your support these past few months.To: Eileen Sullivan/ARRBcc: From: Tom Samoluk/ARRB Date: 07/03/97 01:38:29  
PMSubject: Rankin Follow-upE-1. Great job yesterday, juggling reporters and getting them the information promptly. I think things worked well yesterday and I'm confident we can keep it going in the future.2. I wanted to thank Eric for his Archives II research. Is there anyone else to thank on the staff? Like Thom? Is he in today? How is that going? Please advise me if you think it would help or hurt matters to send him a "good luck" e-mail. If you have no opinion, that's okay, too.Talk to you later. Please feel free to e-mail me. I'm feeling "money" because I successfully hooked the computer up at the Cape. (If you don't know what "money" means, you have to see the movie "The Swingers" this weekend.Thanks.T
