Subject: Re: NSA Document 144-10001-10127

Body: To: Douglas Horne/ARRB, Kevin Tiernan/ARRBcc: David Marwell/ARRB, Jeremy Gunn/ARRB, Eileen Sullivan/ARRB From: Manuel Legaspi/ARRB Date: 08/13/97 04:44:52 PM Subject: NSA Document 144-10001-10127FYI: As Eileen was reviewing the NSA documents that are supposed to be delivered to Archives this week, she found one document (# above) that had no final determination form. We subsequently found that the document had never been reviewed on the Review Track database. As a result, I have entered the postponements that were suggested by the NSA into the Review Track database. However, I am not sure what comes next. I am going to ask Kevin if we can take the one document and process it through the computer to indicate that the Board approved the redactions, and print out a final determination form so that we can finalize this group of documents and send them to the Archives.Thanks.
