To: Douglas Horne/ARRB, Jeremy Gunn/ARRB, Eileen Sullivan/ARRBcc: David Marwell/ARRB From: Manuel Legaspi/ARRB Date: 08/20/97 09:42:43 AM Subject: NSA - count of documents Christopher and I conducted a count of the redacted version of the NSA documents and arrived at the follwing number: 83 (74 postponed in part, 6 released in full, and 3 postponed in full.) The stack of redacted copies sent to us by NSA contained a dupe of document 144-10001-10060, thus artificially pushing the count to 84. The 83 figure now matches the # of originals, and the data that had been entered into the computer. Thank you.
