But wait! I didn't send you my wishes yet, so here they are:Best wishes for a long and happy marriage to a beautiful woman who already shares many of your interests and who cares about you enough to learn about those interests with which she is not already familiar. I know you guys are getting off to a rocky beginning, but I hope that you'll be able to build up from here.I do want to hear about Sara and I would love to talk. Are you running these days? John A. and I are definitely going on Friday, but if you want to do something else or run on a different day, I'd be happy to accommodate your schedule. Let me know.Congrats --

Was I right? -ReplyI just got the message that you called. It's a little hectic here today; sorry I haven't gotten back to you.Yes, yes, you were right. Susan is thrilled and I expect to be. Of course, Sara has managed to intrude herself into this, which is robbing me of much of the enjoyment. You and I really should talk.I'll try to call you today or tomorrow. Thanks for your wishes.
