Subject: Re: intern

Joan -- Late yesterday, I talked to Jeremy about my idea of having Rochelle inventory the Secret Service materials in the SS and WC collections generally so we can assess what is there and what might be missing. He did not think that would be a valuable use of her time or would advance what we needed to do with Secret Service. Therefore, I am reluctant to have her do the assignment re CD 87 and 320. If you want to know whether there are any documents within CD 87 and 320 that are not yet released, I would sugggest we just ask the NARA staff. --Ron

Subject: InternI prepared about 40 yellow RIF sheets for USSS documents in CD 87 and CD 320 (at NARA). It is possible that many of these documents are duplicated in the Official Case File (green RIFs) I don't know how many RIFs will be needed, but it would be helpful to get a sense of what USSS documents are in these CDs. Thanks.
