Subject: Re: Church Committee review

I defer to you in all these matters, 'cause you are The Man when it comes to the FBI. (Just as Cordell Stewart is the man on the gridiron...). My only suggestion -- are you going to add a file number, etc. at the bottom of the memo as amended? Also, let me repeat for the record that I erred on the side of inclusiveness of potential assassination records in the memo, but I think Debbie could argue (if she was so inclined) that at least a couple of the records I listed are extremely marginal. Your and Laura's call. To: Joseph Freeman/ARRBcc:

From: Kevin Tiernan/ARRB Date: 10/06/97 10:48:53 AM Subject: Church Committee review Joe, I only added one entry to the list, which I will attach. I guess you will have to rename it, or it will wipe out your original, because I have not renamed it. If you approve, here is my plan. I have also produced a list out of the FBI Not Open Database of all of the documents with the 62-116395 file number, and the restriction code 2048 (NAR). I will remove those documents which you and I consider in play, and give that list to Debbie. If she agrees that the list covers all Church Committee HQ, NBR in full documents, then we will have the Board vote to approve the postponements next week. I hope all is well.
