Subject: Trip to CBS Archives on Friday, October 17th
Jeremy: Doug McKinney called me back. We scheduled my visit to the CBS Archives for Friday, October 17th at 11:00 a.m. He has about two hours for me and figures that is the amount of time, at the most, that will be needed for me to get a sense of what they have on the assassination. I should get to see some of the "raw material" that has already been transferred to video. Some of the raw material is still in cans and has not been transferred. McKinney does not want to pull that film out until they are ready to do the transferring. He was very cooperative and still upbeat about the project.
