**DeliveryPriority:** Subject: Follow-up to Our Discussion on HSCA Interfiling Project at NARA  
**DeliveryReport:** Chet: As you will recall, yesterday you and I discussed the use of a master list during the planned HSCA interfiling project at NARA scheduled for next week. I have subsequently discussed with Jeremy what kind of list we would want to use during the project. He advised me that we want a view for all referred records in RIF number order. Jeremy told me that you could do this from home and we could have a print out for use on Monday (I hope this is all accurate). Please leave me a voice mail message at ext. 227 on whether you can do the list described above.  
**ReturnReceipt:** Also, please let me know if we need to talk further about this matter. As always, thanks for your help. Tom
